

Jonathan,

Unfortunately, in this day and age receiving a first grade professional service is hard to come by. However, you and all the representatives of your company proved that there are still people out there who care about their customer's satisfaction, and their company's reputation.

I have to tell you that my experience with European Tile & Marble, Co. has been nothing but delight. >From the sales aspect, your attitude, enthusiasm, helpfulness, and overall demeanor has been outstanding. From the quality, craftsmanship, and installation point of view I have to say that you employ some of the most talented stone crafters, and polite, caring, and detailed oriented installers. I want to congratulate all of you for an excellent job done, and thank you for caring about your customers.

I have nothing but good things to say about your company, and will recommend you to all my friends and relatives when they see your product in my house and admire the workmanship.

Thank you,
